REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

The Honorable Peter Franchot
 Comptroller of Maryland

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of Maryland (the State), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the State’s basic financial statements as listed in the table of contents.

Management’s Responsibility for the Financial Statements

The State’s management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of certain Economic Development Loan Programs; the Maryland Lottery and Gaming Control Agency; certain Economic Development Insurance Programs; certain foundations included in the higher education component units; the Maryland Technology Development Corporation; and the Investment Trust Fund. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the State, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

The financial statements that we did not audit which are listed above represent the percentages of the total assets, total net position, and total revenues of the accompanying financial statements as listed below.

	Percentage of Opinion Unit		
	Total Assets	Total Net Position	Total Operating Revenues
Business-Type Activities			
Major -			
Certain Economic Development Loan Programs	18.1 %	5.1 %	1.8 %
Maryland Lottery and Gaming Control Agency	1.6	0.0	65.8
Non-Major -			
Economic Development Insurance Programs	0.6	0.9	0.0
Total percentage of business-type activities	<u>20.3 %</u>	<u>6.0%</u>	<u>67.6 %</u>
Component Units			
Major -			
Certain foundations included in the higher education component units	14.5%	16.9 %	6.0%
Non-Major -			
Maryland Technology Development Corporation	1.1	1.2	0.7
Total percentage of component units	<u>15.6 %</u>	<u>18.1 %</u>	<u>6.7 %</u>
Fiduciary Funds			
Investment Trust Fund	5.7%	6.3 %	69.2 %

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal controls. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State, as of June 30, 2017, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis; schedule of revenues expenditures and changes in fund balances - budget and actual - budgetary general, special and federal funds; schedule of employer contributions for Maryland State Retirement and Pension System; schedule of employer net pension liability for Maryland State Retirement and Pension System; schedule of employer contributions for Maryland Transit Administration Pension Plan; schedule of changes in net pension liability and related ratios for Maryland Transit Administration Pension Plan; schedule of employer net pension liability for Maryland Transit Administration Pension Plan; schedule of investment returns for Maryland State Transit Administration Pension Plan; schedule of changes in net OPEB liability and related ratios for Other Post-Employment Benefit Plan; schedule of funding progress for Other Post-Employment Benefit Plan; schedule of employer contributions for Other Post-Employment Benefit Plan; Schedule of Investment Returns for Other Post-Employment Benefit Plan; schedule of funding progress for Maryland Transit Administration Retiree Healthcare Benefit Plan; and the schedule of employer contributions for Maryland Transit Administration Retiree Healthcare Benefit Plan as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the *Governmental Accounting Standards Board*, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and the other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

SB & COMPANY, LLC
KNOWLEDGE • QUALITY • CLIENT SERVICE

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the State's basic financial statements. The combining financial statements, introductory and statistical sections, financial schedules required by law, and the Schedule of Expenditures of Federal Awards, as required by the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining financial statements, financial schedules required by law and the Schedule of Expenditures of Federal Awards, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and the other auditors. In our opinion and based on the reports of the other auditors, the combining financial statements and the Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 15, 2017, on our consideration of the State's internal controls over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal controls over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal controls over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the State's internal controls over financial reporting and compliance.

**REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS ON INTERNAL CONTROLS
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

The Honorable Peter Franchot
Comptroller of Maryland

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of Maryland (the State), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the State's basic financial statements, and have issued our report thereon dated December 15, 2017. Our report includes a reference to other auditors who audited the financial statements of certain Economic Development Loan Programs; the Maryland Lottery and Gaming Control Agency; and the Maryland Technology Development Corporation, as described in our report on the State's financial statements. This report does not include the results of the other auditors' testing of internal controls over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Controls over Financial Reporting

In planning and performing our audit of the financial statements, we considered the State's internal controls over financial reporting (internal controls) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the State's internal controls. Accordingly, we do not express an opinion on the effectiveness of the State's internal controls.

A deficiency in internal controls exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal controls, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal controls that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

S B & COMPANY, LLC
KNOWLEDGE • QUALITY • CLIENT SERVICE

Our consideration of internal controls over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal controls over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal controls over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the State's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted other matters involving the internal controls over financial reporting, which we have reported to the management of the University System of Maryland in a separate report dated November 1, 2017.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal controls and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the State's internal controls or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the State's internal controls and compliance. Accordingly, this communication is not suitable for any other purpose.

SB & COMPANY, LLC
KNOWLEDGE • QUALITY • CLIENT SERVICE

REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROLS OVER COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE

The Honorable Peter Franchot
Comptroller of Maryland

Report on Compliance for Each Major Federal Program

We have audited the State of Maryland's (the State) compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of the State's major Federal programs for the year ended June 30, 2017. The State's major Federal programs are identified in the summary of independent public accountants' results section of the accompanying Schedule of Findings and Questioned Costs.

The State's basic financial statements include the operations of the Maryland Water Quality Financing Administration, an administration of the Maryland Department of the Environment, which received Federal awards that are not included in the accompanying Schedule of Expenditures of Federal Awards. Our audit, described below, did not include the operations of this entity because auditors were engaged to perform a separate audit in accordance with the Uniform Guidance.

Management's Responsibility

Management is responsible for compliance with Federal statutes, regulations, and terms and conditions of its Federal awards applicable to its Federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the State's major Federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about the State's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major Federal program. However, our audit does not provide a legal determination of the State's compliance.

Opinion on Each Major Federal Program

In our opinion, the State complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major Federal programs for the year ended June 30, 2017.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance with the compliance requirements referred to above that are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying Schedule of Findings and Questioned Costs as items 2017-001, 2017-002, 2017-003, 2017-004, 2017-005, 2017-006, 2017-007, 2017-008, 2017-009, 2017-010, 2017-011, 2017-012, 2017-013, 2017-014 and 2017-015. Our opinion on each major Federal program is not modified with respect to these matters.

The State's response to the noncompliance findings identified in our audit are described in the accompanying Schedule of Corrective Action Plans. The State's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Controls Over Compliance

Management of the State is responsible for establishing and maintaining effective internal controls over compliance with the types of compliance requirements referred to above. In planning and performing our audit, we considered the State's internal controls over compliance with the types of requirements that could have a direct and material effect on each major Federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major Federal program and to test and report on internal controls over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal controls over compliance. Accordingly, we do not express an opinion on the effectiveness of the State's internal controls over compliance.

Our consideration of internal controls over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal controls over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal controls over compliance that we consider to be material weaknesses and significant deficiencies.

S B & COMPANY, LLC
KNOWLEDGE • QUALITY • CLIENT SERVICE

A *deficiency in internal controls over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal controls over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal controls over compliance described in the accompanying Schedule of Findings and Questioned Costs as items 2017-001 and 2017-004 to be material weaknesses.

A *significant deficiency in internal controls over compliance* is a deficiency, or a combination of deficiencies, in internal controls over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal controls over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal controls over compliance described in the accompanying Schedule of Findings and Questioned Costs as items 2017-005, 2017-006, 2017-007, 2017-008, 2017-009, 2017-010, 2017-011, 2017-012, 2017-013, 2017-014 and 2017-015, to be significant deficiencies.

The State's responses to the internal controls over compliance findings identified in our audit are described in the accompanying Schedule of Corrective Action Plans. The State's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal controls over compliance is solely to describe the scope of our testing of internal controls over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

STATE OF MARYLAND

Notes to the Schedule of Expenditures of Federal Awards Year Ended June 30, 2017

1. SINGLE AUDIT REPORTING ENTITY

The State of Maryland (State) includes expenditures in its Schedule of Expenditures of Federal Awards (SEFA) for all Federal programs administered by the funds, agencies, boards and commissions, including component units, included in the State's reporting entity used for its basic financial statements, including the component unit higher education funds – the University System of Maryland, the Baltimore City Community College, Morgan State University, and St. Mary's College of Maryland. However, the Schedule of Expenditures of Federal Awards excludes the Maryland Water Quality Financing Administration of the Maryland Department of the Environment. A separate single audit was conducted for that entity.

2. BASIS OF ACCOUNTING

The accompanying Schedule of Expenditures of Federal Awards has been presented on the accrual basis of accounting. Expenditures are recorded, accordingly, when incurred rather than when paid.

Expenditures reported on the SEFA are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. The State has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

The non-cash expenditures of approximately \$24,235,000, reported under the Catalog of Federal Domestic Assistance (CFDA) No. 10.550, Food Donation, represent the value of food commodity distributions calculated using the U.S. Department of Agriculture, Food and Nutrition Service Commodity Price List in effect as of July 1, 2016. These food commodities were received by the Maryland Department of Education from the U.S. Department of Agriculture for the year ended June 30, 2017.

The non-cash expenditures of approximately \$4,994,000 relating to the Emergency Food Assistance Program reported under CFDA No. 10.569, Emergency Food Assistance Program (Food Commodities), represent the value of food commodity distributions calculated using the U.S. Department of Agriculture, Food and Nutrition Service Commodity Price List in effect as of July 1, 2016. The food commodities were received by the Maryland Department of Human Services from the U.S. Department of Agriculture for the year ended June 30, 2017.

STATE OF MARYLAND

Notes to the Schedule of Expenditures of Federal Awards Year Ended June 30, 2017

2. BASIS OF ACCOUNTING (continued)

Expenditures of approximately \$1,002,476,000 reported under CFDA No. 10.551, Supplemental Nutrition Assistance Program (SNAP), represent the fair market value of food stamps distributed for participants' food-stamp purchases during the year ended June 30, 2017.

The non-cash expenditures of approximately \$132,000 for CFDA No. 39.003, Donation of Federal Surplus Property Program, represents the average fair market value percentage, per the General Services Administration (GSA) of 25 percent of the Federal government original acquisition cost (OAC) of the Federal property transferred to recipients by the State during the year ended June 30, 2017.

3. CATEGORIZATION OF EXPENDITURES

The accompanying Schedule of Expenditures of Federal Awards reflects Federal expenditures for all individual grants that were active during the year. The categorization of expenditures by program included in the accompanying Schedule of Expenditures of Federal Awards is based on the CFDA. Changes in the categorization of expenditures occur based on revisions to the CFDA, which are issued in June and December of each year. In accordance with the State's policy, the accompanying Schedule of Expenditures of Federal Awards for the year ended June 30, 2017, reflects CFDA changes issued through June 2017.

4. STATE NONMONETARY FEDERAL FINANCIAL ASSISTANCE

The State distributes Federal surplus food to the institutions (schools, hospitals, and prisons) and to the needy. There was no inventory balance of Federal surplus food on hand as of June 30, 2017, for CFDA No. 10.550, Food Donation Program and approximately \$1,184,000 for CFDA No. 10.569, Emergency Food Assistance Program (Food Commodities), and they are not considered current year Federal expenditures. The surplus food was valued using the U.S. Department of Agriculture, Food and Nutrition Service Commodity Price List in effect as of July 1, 2016.

When surplus property is transferred to recipients, it is valued at 25 percent of its OAC, which represents an estimated fair market value of the property transferred. There was no donated Federal surplus property on hand as of June 30, 2017, for CFDA No. 39.003, Donation of Federal Surplus Property Program.

STATE OF MARYLAND

**Notes to the Schedule of Expenditures of Federal Awards
Year Ended June 30, 2017**

5. UNEMPLOYMENT INSURANCE

In accordance with the Department of Labor, Office of Inspector General instructions, the State recorded State Regular Unemployment Compensation (UC) benefits under CFDA No. 17.225, on the accompanying Schedule of Expenditures of Federal Awards. The individual State and Federal portions are as follows:

State Regular UC benefits	\$	544,462,100
Federal UC benefits		12,315,475
Federal UC administrative costs		76,487,108
Total Benefits	\$	<u>633,264,683</u>

6. FEDERAL MORTGAGE PLANS

The State operates several programs that purchase federally guaranteed loans, primarily mortgages, from the originators. As the State has no responsibility for determining eligibility or compliance, these guarantees are not considered Federal financial assistance for purposes of the single audit.

7. LOAN PROGRAMS

St. Mary's College of Maryland

St. Mary's College of Maryland (the College) administers the Federal Perkins Loan Program: Federal Capital Contributions (CFDA No. 84.038). The outstanding loan balance as of June 30, 2017 is \$142,000. Loans outstanding at the beginning of the year and loans made during the year are included in the federal expenditures presented in the Schedule of Expenditures of Federal Awards.

Morgan State University

Morgan State University (the University) administers the Federal Perkins Loan Program: Federal Capital Contributions (CFDA No. 84.038). The outstanding loan balance as of June 30, 2017 is \$3,253,000. Loans outstanding at the beginning of the year and loans made during the year are included in the federal expenditures presented in the Schedule of Expenditures of Federal Awards.

STATE OF MARYLAND

**Notes to the Schedule of Expenditures of Federal Awards
Year Ended June 30, 2017**

7. LOAN PROGRAMS (continued)

University System of Maryland

The University System of Maryland (the System) administers loans under the Economic Adjustment Assistance Program (CFDA No. 11.307). Under this program, the System uses revolving loan funds to enhance economic activity. The Revolving Loan Fund (RLF) assists business development and expansion. Below is the detail to support the calculation of Total Federal Awards expended as included in the Schedule of Expenditures of Federal Awards:

Economic Development Administration (EDA) Award Number(s)	014903420- 01490342001	014903271	011903134
1. Balance of RLF loans outstanding at the end of the fiscal year, <i>plus</i>	\$ 3,279,417	\$ 813,957	\$ 1,002,742
2. Cash and investment balance in the RLF at the end of the fiscal year, <i>plus</i>	1,050,150	1,315,767	107,300
3. Administrative expenses paid out of RLF income during the fiscal year, <i>plus</i>	66,161	-	-
4. The unpaid principal of all loans written off during the fiscal year, <i>and then multiply this sum (1+2+3+4) by</i>	-	-	-
5. The Federal share of the RLF	<u>75%</u>	<u>75%</u>	<u>57.4713%</u>
6. Total Federal Awards Expended	<u>\$ 3,296,796</u>	<u>\$ 1,597,293</u>	<u>\$ 637,955</u>

The System administers the following Federal Student Financial Assistance Programs:

CFDA Number	Outstanding Balance as of June 30, 2017
84.038 Perkins Loan Programs	\$ 53,028,729
93.264 Nurse Faculty Loan Program	34,482
93.364 Nurse Student Loan Program	598,524
93.342 Health Professions Students, Including Primary Care Loans/Loans for Disadvantaged Students	8,745,586
Total	<u>\$ 62,407,321</u>

The outstanding loan balances as of June 30, 2016, and loan expenditures for the year ended June 30, 2017, are considered current-year Federal expenditures. These amounts are reported on the Schedule of Expenditures of Federal Awards.

STATE OF MARYLAND

**Schedule of Current Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2017 – 001

Department of Housing and Community Development (DHCD)

U.S. Department of Housing and Urban Development

CFDA No. 14.228 Community Development Block Grants/State's Program and Non-Entitlement Grants in Hawaii (CDBG)

Compliance and Material Weakness over Program Income

Repeat Finding: No

Condition:

The Department of Housing and Community Development did not properly identify, track and record Program Income into the U.S. Department of Housing and Urban Development's Integrated Disbursement and Information System (IDIS) as Program Income for the CDBG program. Therefore, we are unable to determine whether Program Income has been properly used in accordance with Federal regulations. Additionally, it did not appear to be any Program Income reported within the IDIS system for the year ended June 30, 2017. Management identified \$482,110 in program income for fiscal year 2017 related to this program that was not reported as CDBG Program Income.

Criteria:

Uniform Guidance and 45 CFR Part 75 require that non-Federal entities receiving Federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control-Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per OMB Compliance Supplement:

Program income may be used in any of the following three methods, consistent with 2 CFR section 200.307(e):

1. *Deduction.*

Program income is deducted from total allowable costs in order to determine the net allowable costs, rather than to increase the funds committed to the project. This method must be used if the Federal awarding agency has given no prior approval for how program income is to be used and its regulations and the terms and conditions of the Federal award are silent on this matter. Where this method is used, program income must be applied to current costs unless the Federal awarding agency authorizes otherwise (2 CFR section 200.307(e)(1)).

STATE OF MARYLAND

Schedule of Current Year Findings and Questioned Costs Year Ended June 30, 2017

Finding 2017 – 001 (continued)

2. *Addition.*

With prior approval of the Federal awarding agency, program income may be added to the Federal award by the Federal agency and the non-Federal entity. This method must be used for Federal awards to institutions of higher education and nonprofit research institutions if the Federal awarding agency does not specify in its regulations or the terms and conditions of the Federal award how program income is to be used (2 CFR section 200.307(e)(2)).

3. *Cost Sharing or Matching.*

With prior approval of the Federal awarding agency, program income may be used to meet the cost sharing or matching requirement of the Federal award. The amount of the Federal award remains the same (2 CFR section 200.307(e)(3)).

For the CDBG program, program income does not include income received in a single program year by a unit of general local government and its subrecipients if the total amount of such income does not exceed \$35,000 (24 CFR section 570.489(e)(2)(i)). Proceeds from the sale of real property purchased or improved with CDBG funds are not program income if the proceeds are received more than 5 years after closeout of the grant agreement between the State and the unit of general local government (24 CFR section 570.489(e)(2)(v)).

Cause:

DHCD did not properly determine, calculate, track or record program income within the CDBG program and ensure it was used in accordance with Federal guidelines.

Effect:

Program income was not properly identified, recorded and used in accordance with the CDBG program.

Questioned Costs:

Unknown. DHCD identified \$482,110 of Program Income in fiscal year 2017.

Recommendation:

SBC recommends that DHCD provide training to employees on proper procedures for receipting, tracking, recording and spending program income. DHCD should stress the importance of adequate documentation and recording of program income.

Views of Responsible Officials:

The Department acknowledges and agrees with the auditor's findings and recommendations. Due to substantial staff turnover within the past several years, the Department has had many issues with reliable and accurate accounting of Program Income. After several attempts to resolve these issues, it was decided by CDBG management, in agreement with HUD, that Program Income receipting would be put on hold until sufficient staff could be acquired to properly account for and reconcile all Program Income and payments.

STATE OF MARYLAND

**Schedule of Current Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2017 – 001 (continued)

Views of Responsible Officials (continued):

Also during this time, changes were made to the HUD Integrated Disbursement and Information System (IDIS) which altered how CDBG grant funds were disbursed and how Program Income, repayments and returns were all tracked at the State level. Prior to this change, grant funds were disbursed from the oldest HUD grant which had available funds and from Program Income. Due to difficulties in the accurate tracking of funds awarded and expended by both CDBG grantees and HUD staff, the HUD Inspector General required HUD to move to a grant based accounting system. This new system afforded grantees better tracking of grant funds awarded, Program Income, repayment, and returns as well as expenditures. The system also requires that, in the program year received, Program Income and repayments are awarded to new grants and the subsequent expenditures are tracked against them. Therefore, as Program Income is to be tracked and expended from the year received, a grantee will always have Program Income on hand as Program Income cannot be used for payments for previous years.

Auditor's Conclusion:

Finding remains as stated.

STATE OF MARYLAND

**Schedule of Current Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2017 – 002

Department of Housing and Community Development (DHCD)

CFDA No. 14.228 Community Development Block Grants/State's Program and Non-Entitlement Grants in Hawaii (CDBG)

U.S. Department of Housing and Urban Development

Compliance and Internal Control Deficiency over Reporting

Repeat Finding: No

Condition:

The Department of Housing and Community Development failed to file the required Performance Report, HUD 60002, Section 3 Summary, Economic Opportunities for Low-and Very Low-Income Persons. Therefore, we are unable to select a sample to test and conclude over Performance Reporting for the current fiscal year.

Criteria:

The Omni Circular and 45 CFR Part 75 require that non-Federal entities receiving Federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control-Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per OMB Compliance Supplement:

Each recipient that administers covered public and Indian housing assistance, regardless of the amount expended, and each recipient that administers covered housing and community development assistance in excess \$200,000 in a program year, must submit HUD 60002 information using the automated Section 3 Performance Evaluation and Registry (SPEARS) System (24 CFR sections 135.3(a)(1) and 135.90). Recipients have the flexibility of selecting the 12-month reporting period, typically to coincide with their respective fiscal cycle.

Per State Policies:

The State agency is required to file Performance Report, HUD 60002, Section 3 Summary, Economic Opportunities for Low-and Very Low-Income Persons, which is compiled from information of the State Agency's grantees annually.

STATE OF MARYLAND

**Schedule of Current Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2017 – 002 (continued)

Cause:

DHCD failed to compile the required information from their grantees; therefore, they could not timely file the Performance Report, HUD 60002, Section 3 Summary, Economic Opportunities for Low-and Very Low-Income Persons.

Effect:

This resulted in DHCD failing to report required information to the Department of Housing and Urban Development.

Questioned Costs:

None.

Recommendation:

SBC recommends that DHCD implement procedures to ensure required information needed from their grantees is obtained timely in order to complete and file the required Performance Report, HUD 60002, Section 3 Summary, Economic Opportunities for Low-and Very Low-Income Persons.

Views of Responsible Officials:

The Department acknowledges and agrees with the auditor's findings and recommendations. In 2013, HUD launched the Section 3 Performance Evaluation and Registry (SPEARS) System new reporting system and quickly learned about technical issues that prevented housing agencies throughout the country from submitting the necessary reports and impacted the reliability of the data. As a result, the system had been disabled for several years until these issues could be resolved.

Auditor's Conclusion:

Finding remains as stated.

STATE OF MARYLAND

**Schedule of Current Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2017 – 003

Department of Housing and Community Development (DHCD)

**CFDA No. 14.195 Section 8 Housing Assistance Payments Program
CFDA NO. 14.856 Lower Income Housing Assistance Program – Section 8 Moderate
 Rehabilitation**

U.S. Department of Housing and Urban Development

Compliance and Internal Control Deficiency over Reporting

Repeat Finding: No

Condition:

The Department of Housing and Community Development did not report the proper expenditure amount in its annual HUD-52681 Voucher for Payment of Annual Contributions and Operating Statement (OMB No. 2577-0169) submitted for fiscal year 2017. The total budget amount of \$406,961 was reported instead of the expenditure amount of \$294,508. Once the auditor brought this to DHCD’s attention, a correction report was submitted in 2018.

Criteria:

The Omni Circular and 45 CFR Part 75 require that non-Federal entities receiving Federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control-Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Cause:

DHCD used the annual budget amount instead of the actual expenditure amount for the fiscal year.

Effect:

This resulted in DHCD failing to report the proper information in the report submitted to the Department of Housing and Urban Development.

Questioned Costs:

None.

STATE OF MARYLAND

**Schedule of Current Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2017 – 003 (continued)

Recommendation:

SBC recommends that DHCD implement procedures to ensure the required reports are prepared properly and adequate review takes place to confirm the accuracy prior to submission of the final report.

Views of Responsible Officials:

The Department acknowledges and agrees with the auditor's findings and recommendations. Management sees the importance of ensuring accuracy of reporting.

Auditor's Conclusion:

Finding remains as stated.

STATE OF MARYLAND

**Schedule of Current Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2017 – 004

Department of Human Services (DHS)

U.S. Department of Health and Human Services

CFDA No. 93.558 Temporary Assistance for Needy Families (TANF)

Compliance and Material Weakness over Special Test and Provisions - Child Support Non-Cooperation

Repeat Finding: Yes – 2016 – 008

Condition:

We selected a sample to test whether payments are being reduced to individuals in cases where it is reported to the State TANF agency that an individual is not complying with the State child support program. We tested 8 cases where notification was received that an individual was not complying with Child Support Enforcement (CSE). Of these 8 cases selected, 5 cases did not have benefit payments reduced, no indication of the alert consequence of child support non-cooperation, nor information on narration about child support in pertinence to the 956 and 957 code adequately documented within the Client Automated Resources Eligibility System (CARES) justifying why the payments were not reduced.

Criteria:

The Uniform Guidance and 45 CFR Part 75 require that non-Federal entities receiving Federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control-Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per Uniform Guidance:

If the State agency responsible for administering the State plan approved under Title IV-D of the Social Security Act determines that an individual is not cooperating with the State in establishing paternity, or in establishing, modifying or enforcing a support order with respect to a child of the individual, and reports that information to the State agency responsible for TANF, the State TANF agency must (1) deduct an amount equal to not less than 25 percent from the TANF assistance that would otherwise be provided to the family of the individual, and (2) may deny the family any TANF assistance. HHS may penalize a State for up to five percent of the SFAG for failure to substantially comply with this required State child support program (42 USC 608(a)(2) and 609(a)(8); 45 CFR sections 264.30 and 264.31).

STATE OF MARYLAND

**Schedule of Current Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2017 – 004 (continued)

Cause:

DHR did not ensure that benefit payments were reduced by at least 25% after being notified of an individual's failure to comply with CSE, or maintain adequate narration and documentation about child support in pertinence to the 956 and 957 code within the Client Automated Resources Eligibility System (CARES).

Effect:

This could have resulted in individuals receiving TANF assistance in excess of Federal authorized amounts.

Questioned Costs:

Unknown.

Recommendation:

We recommend that the State TANF agency establish and implement controls in place to ensure that when an alert of non-compliance from CSE is received, benefits are reduced in accordance with compliance requirements. Accounts should be periodically reviewed to ensure that benefit payments are reduced after a notice has been sent out. This could include a flag being placed on the individuals account after a non-compliance CSE alert has been issued, which has to be cleared by the agency before payment is issued. We further recommend that the State TANF agency develop and maintain controls to ensure that a clear record of the activity on the account is documented within the CARES system.

Views of Responsible Officials:

DHS concurs with this finding. Controls will be implemented to ensure that when an alert of non-compliance from CSE is received, benefits are reduced in accordance with the compliance requirements. Accounts should be periodically reviewed to ensure that benefit payments are reduced after a notice has been sent out. DHS will also ensure that a clear record of the activity is documented within CARES.

Auditor's Conclusion:

Finding remains as stated.

STATE OF MARYLAND

**Schedule of Current Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2017 – 005

Department of Human Services (DHS)

U.S. Department of Health and Human Services

CFDA No. 93.558 Temporary Assistance for Needy Families (TANF)

Compliance and Internal Control Deficiency over Eligibility

Repeat Finding: No

Condition:

We selected a sample size of 40 transactions to test that any family who has received assistance for more than 60 months has a documented hardship to justify the payments past 60 months. We noted 4 of the 40 cases had benefits in excess of 60 months, and for 1 of those 4 cases there was no hardship documentation.

Criteria:

The Omni Circular and 45 CFR Part 75 require that non-Federal entities receiving Federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control-Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per Uniform Guidance:

Any family that includes an adult or minor child of head of household or a spouse of the head of household who has received assistance under any State program funded by Federal TANF funds for 60 months (whether or not consecutive) is ineligible for additional federally funded TANF assistance. However, the State may extend assistance to family on the basis of hardship, as defined by the State, or if a family member had been battered or subjected to extreme cruelty.

Cause:

Hardship documentation was not obtained and maintained to justify receiving benefits for more than 60 months.

Effect:

Recipients could be receiving benefits in excess of 60 months without proper cause that is allowable under Federal regulation.

STATE OF MARYLAND

**Schedule of Current Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2017 – 005 (continued)

Questioned Costs:

Unknown.

Recommendation:

We recommend that the State TANF agency develop and maintain controls to ensure that a clear record of hardship documentation is obtained and maintained within the Client Automated Resources Eligibility System (CARES), and Enterprise Content Management System (ECMS) (OnBase) system to support a person receiving benefits for more than 60 months.

Views of Responsible Officials:

DHS concurs with this finding. DHS will ensure that a clear record of hardship documentation is obtained and maintained within the Client Automated Resources Eligibility System (CARES), and Enterprise Content Management System (ECMS) to support a person receiving benefits for more than 60 months.

Auditor's Conclusion:

Finding remains as stated.

STATE OF MARYLAND

**Schedule of Current Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2017 – 006

Department of Human Services (DHS)

U.S. Department of Health and Human Services

CFDA No. 93.566 Refugee and Entrant Assistance- State-Administered Program

Compliance and Internal Control Deficiency over Eligibility-Refugee Medical Assistance

Repeat Finding: No

Condition:

We selected a sample size of 4 out of 16 transactions to test Eligibility for Refugee Medical Assistance (RMA). We noted for 1 out of 4 cases, the person's benefits terminated in the local Department of Social Services (DSS) Client Automated Resources Eligibility System (CARES) in 2005. However, benefits were still being paid for this individual because the case was still active in the Medicaid Management Information System (MMIS). DHS was not able to provide any records in order to determine if the beneficiary was eligible for benefits during fiscal year 2017. Total beneficiary payment was \$2,186 in fiscal year 2017.

Criteria:

The Omni Circular and 45 CFR Part 75 require that non-Federal entities receiving Federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control-Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per Uniform Guidance:

- (1) Eligibility for RMA is limited to refugees who meet one of the following sets of conditions:
- (a) They are not eligible for Medicaid or CHIP but currently receive RCA (45 CFR section 400.100(d)); or
 - (b) They meet all of the following criteria :
 - (i) They have met the same time eligibility requirement as for RCA.
 - (ii) They are determined ineligible for Medicaid or CHIP (45 CFR section 400.100(a)(1)).
 - (iii) They meet one of the following financial eligibility requirements:
 - (A) In a State with a Medicaid medically needy program, they meet the State's Medicaid medically needy financial eligibility standards or a financial eligibility standard established at 200 percent of the national poverty level (45 CFR section 400.101(a)).
 - (B) In a State without a Medicaid medically needy program, they meet the State's AFDC payment standards and methodologies in effect as of July 16, 1996, or a financial eligibility standard established at 200 percent of the national poverty level (45 CFR section 400.101(b)).

STATE OF MARYLAND

**Schedule of Current Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2017 – 006 (continued)

Per Uniform Guidance: (continued)

(C) They did not meet either of these standards, but spent their resources down to the applicable standard using an appropriate method for deducting incurred medical expenses. States must allow applicants for RMA to do this (45 CFR section 400.103). (c) They are not full-time students in institutions of higher education, unless the State has approved their enrollment as part of the refugee’s employability plan under 45 CFR section 400.79 or a plan for an unaccompanied minor in accordance with 45 section CFR 400.100(a). (2) Earnings from employment do not affect refugees’ eligibility for RMA. They remain eligible for RMA through the remainder of the time eligibility period after receiving earnings from employment. Refugees who become ineligible for Medicaid due to employment earnings and have resided in the U.S. less than the time eligibility period will become eligible for RMA for the remainder of the time eligibility period (45 CFR section 400.104) without an additional eligibility determination. States may not require that a refugee actually receive or apply for RCA as a condition of eligibility for RMA (45 CFR section 400.100(d)). (3) Benefit Level – In providing medical assistance services to eligible refugees, a State must provide at least the same services in the same manner and to the same extent as under the State’s Medicaid program (45 CFR section 400.105). A State may provide additional services beyond the scope of the State’s Medicaid program to eligible refugees if the State provides these services through public facilities to its indigent residents (45 CFR section 400.106).

Cause:

DHS failed to ensure the benefits were terminated in both CARES and MMIS.

Effect:

Ineligible recipients may have received benefits during the fiscal year.

Questioned Costs:

Unknown. The questioned cost for the one case tested was \$2,186 for fiscal year 2017.

Recommendation:

We recommend that the DHS establish and implement controls to ensure that the Medical Assistance cases are properly updated in the CARES and MMIS systems before payments are disbursed.

Views of Responsible Officials:

DHS concurs with this finding. It is important to note however, that our internal investigation into the issue disclosed that, as of February 12, 2018, there were only 4 active Refugee Medical Assistance (RMA) cases state-wide and our review confirmed that for each case the client remained eligible for RMA coverage.

Auditor’s Conclusion:

Finding remains as stated.

STATE OF MARYLAND

**Schedule of Current Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2017 – 007

Department of Human Services (DHS)

U.S. Department of Health and Human Services (HHS)

CFDA No. 93.566 Refugee and Entrant Assistance- State-Administered Program

Compliance and Internal Control Deficiency over Subrecipient Monitoring

Repeat Finding: No

Condition:

During our audit, it was noted that the Department of Human Services did not evaluate each subrecipient’s risk of noncompliance for the Refugee and Entrant Assistance program based on the criteria set forth under Federal guidelines.

During our audit, it was noted that the Department of Human Services’ subrecipient award document did not include the information requirements based on the criteria set forth under the Federal guidelines.

Criteria:

The Omni Circular and 45 CFR Part 75 require that non-Federal entities receiving Federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control-Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Title 2 U.S. Code of Federal Regulations §200.331 (b) states that each pass-through entity must evaluate each subrecipient's risk of noncompliance with Federal statutes, regulations, and the terms and conditions of the subaward for purposes of determining the appropriate subrecipient monitoring described in paragraphs (d) and (e) of this section.

Per Uniform Guidance:

Evaluate Risk – Evaluate each subrecipient’s risk of noncompliance for purposes of determining the appropriate subrecipient monitoring related to the subaward (2 CFR section 200.331(b)). This evaluation of risk may include consideration of such factors as the following: 1. The subrecipient’s prior experience with the same or similar subawards; 2. The results of previous audits including whether or not the subrecipient receives single audit in accordance with 2 CFR part 200, subpart F, and the extent to which the same or similar subaward has been audited as a major program;

STATE OF MARYLAND

Schedule of Current Year Findings and Questioned Costs Year Ended June 30, 2017

Finding 2017 – 007 (continued)

Per Uniform Guidance: (continued)

3. Whether the subrecipient has new personnel or new or substantially changed systems; and 4. The extent and results of Federal awarding agency monitoring (e.g., if the subrecipient also receives Federal awards directly from a Federal awarding agency).

Title 2 U.S. Code of Federal Regulations §200.331 (a) states that all pass-through entities must ensure that every subaward is clearly identified to the subrecipient as a subaward and includes the following information at the time of the subaward and if any of these data elements change, include the changes in subsequent subaward modification. When some of this information is not available, the pass-through entity must provide the best information available to describe the Federal award and subaward. Required information includes: ((i) Subrecipient name (which must match the name associated with its unique entity identifier); (ii) Subrecipient's unique entity identifier; (iii) Federal Award Identification Number (FAIN); (iv) Federal Award Date (see § 200.39 Federal award date) of award to the recipient by the Federal agency; (v) Subaward Period of Performance Start and End Date; (vi) Amount of Federal Funds Obligated by this action by the pass-through entity to the subrecipient; (vii) Total Amount of Federal Funds Obligated to the subrecipient by the pass-through entity including the current obligation; (viii) Total Amount of the Federal Award committed to the subrecipient by the pass-through entity; (ix) Federal award project description, as required to be responsive to the Federal Funding Accountability and Transparency Act (FFATA); (x) Name of Federal awarding agency, pass-through entity, and contact information for awarding official of the Pass-through entity; (xi) CFDA Number and Name; the pass-through entity must identify the dollar amount made available under each Federal award and the CFDA number at time of disbursement; (xii) Identification of whether the award is R&D; and (xiii) Indirect cost rate for the Federal award (including if the de minimis rate is charged per § 200.414 Indirect (F&A) costs).

Cause:

The Department of Human Services does not have a process in place to perform the risk evaluation and the subrecipient grant awards template document does not include the required information.

Effect:

The Department of Human Services is not in compliance with Federal guidelines.

Questioned Costs:

Unknown.

Recommendation:

We recommend that DHS implement a process to assess and document the risk related to each subrecipient and document these procedures in the existing subrecipient monitoring procedures manual. We also recommend the grant award document template be updated to include all required information per the Federal guidelines.

STATE OF MARYLAND

**Schedule of Current Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2017 – 007 (continued)

Views of Responsible Officials:

DHS concurs with this finding. DHS will revise the grant award document template to include all required information per the Federal guidelines and will establish an annual process to assess and document the risk related to each subrecipient. These procedures will be documented in the existing subrecipient monitoring procedures manual.

Auditor's Conclusion:

Finding remains as stated.

Compliance and Internal Control Deficiency over Special Tests and Provisions - Student Enrollment Reporting

Repeat Finding: No

Condition:

During our testing of student enrollment reporting, we reviewed the enrollment status of 40 students. We noted that for 22 out of the 40 students selected, students' enrollment statuses were not updated timely to the National Student Loan Data System (NSLDS). 21 students' statuses were reported after 60 days, and one student's status was not reported. Additionally, 16 out of 40 students had incorrect enrollment status reported to NSLDS. 11 graduated students were reported as withdrawn, one graduate student's graduation status was not reported, and enrollment statuses for four students who had a change in attendance level mid-semester were not reported.

Criteria:

Uniform Guidance requires that non-Federal entities receiving Federal awards establish and maintain internal controls designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control – Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

STATE OF MARYLAND

Schedule of Current Year Findings and Questioned Costs Year Ended June 30, 2017

Finding 2017 – 008 (continued)

Per Uniform Guidance:

Under the FFEL and Direct Loan programs, schools must complete and return within 30 days the Enrollment Reporting roster file [formerly the Student Status Confirmation Report (SSCR)] placed in their Student Aid Internet Gateway (SAIG) mailboxes sent by ED via National Student Loan Data System (NSLDS) (OMB No. 1845-0035). The institution determines how often it receives the Enrollment Reporting roster file with the default set at every two months, but the minimum is twice a year.

Once received, the institution must update for changes in student status, report the date the enrollment status was effective, enter the new anticipated completion date, and submit the changes electronically through the batch method or the NSLDS web site. Institutions are responsible for timely reporting, whether they report directly or via a third-party servicer. Unless the school expects to complete its next roster within 60 days, the school must notify the lender or the guaranty agency within 30 days, if it discovers that a student who received a loan either did not enroll or ceased to be enrolled on at least a half-time basis (FFEL, 34 CFR section 682.610; Direct Loan, 34 CFR section 685.309).

Per 34 CFR § 682.610(c):

A school shall — (1) Upon receipt of a student status confirmation report form from the Secretary or a similar student status confirmation report form from any guaranty agency, complete and return that report within 30 days of receipt to the Secretary or the guaranty agency, as appropriate; and (2) Unless it expects to submit its next student status confirmation report to the Secretary or the guaranty agency within the next 60 days, notify the guaranty agency or lender within 30 days — (i) If it discovers that a Stafford, Supplemental Loan for Students (SLS), or Parent Loan for Undergraduate Students (PLUS) loan has been made to or on behalf of a student who enrolled at that school, but who has ceased to be enrolled on at least a half-time basis; (ii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a student who has been accepted for enrollment at that school, but who failed to enroll on at least a half-time basis for the period for which the loan was intended; (iii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a full-time student who has ceased to be enrolled on a full-time basis; or (iv) If it discovers that a student who is enrolled and who has received a Stafford or SLS loan has changed his or her permanent address.

Cause:

BSU did not have proper controls in place to ensure the correct enrollment statuses for students were reported timely to the NSLDS.

Effect:

The change in a student's enrollment is not reported timely to the NSLDS database, thus, repayment date, grace period, and deferment are not properly determined.

Questioned Costs:

None.

STATE OF MARYLAND

**Schedule of Current Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2017 – 008 (continued)

Recommendation:

We recommend that BSU establish procedures to ensure that enrollment status changes are tracked and updated frequently throughout the year to ensure accurate and timely reporting of the enrollment status change to the NSLDS database.

Views of Responsible Officials:

The University Registrar's Office acknowledges and accepts the enrollment report findings. Bowie State University understands the importance of accurately reporting enrollment statuses, and has developed a Corrective Action Plan that will be implemented by the Completion date.

Auditor's Conclusion:

Finding remains as stated.

STATE OF MARYLAND

CFDA No. 84.268 Federal Direct Student Loans (Direct Loan)

CFDA No. 84.379 Teacher Education Grants (TEACH Grants)

Compliance and Internal Control Deficiency over Special Tests and Provisions –Return of Title IV Funds

Repeat Finding: No

Condition:

During our testing of the return of Title IV funds, we reviewed refund calculations for 10 students. We noted three out of 10 students required a return of funds to ED. For the three students, BSU did not return the Title IV funds within 45 days of the institution’s determination of student withdrawal, which is required per Federal guidelines.

Criteria:

Uniform Guidance requires that non-Federal entities receiving Federal awards establish and maintain internal controls designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control – Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per 34 CFR Section 668.22, when a recipient of Title IV grant or loan assistance withdraws from an institution during a payment period or period of enrollment in which the recipient began attendance, the institution must determine the amount of Title IV grant or loan assistance that the student earned as of the student's withdrawal date by calculating the total amount of Title IV assistance earned by the student. An institution must return the amount of Title IV funds for which it is responsible as soon as possible but no later than 45 days after the date of the institution's determination that the student withdrew.

STATE OF MARYLAND

**Schedule of Current Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2017 – 009 (continued)

Per Uniform Guidance:

When a recipient of Title IV grant or loan assistance withdraws from an institution during a payment period or period of enrollment in which the recipient began attendance, the institution must determine the amount of Title IV aid earned by the student as of the student's withdrawal date. If the total amount of Title IV assistance earned by the student is less than the amount that was disbursed to the student or on his or her behalf as of the date of the institution's determination that the student withdrew, the difference must be returned to the Title IV programs as outlined in this section and no additional disbursements may be made to the student for the payment period or period of enrollment. If the amount the student earned is greater than the amount disbursed, the difference between the amounts must be treated as a post-withdrawal disbursement.

Cause:

Upon determination of the students' withdrawal date, BSU did not timely perform the return of Title IV funds calculation. This resulted in the late return of Title IV funds to ED.

Effect:

The Department of Education did not receive the unearned Title IV assistance of \$8,539 from the institution in a timely manner.

Questioned Costs:

None.

Recommendation:

We recommend that BSU establish procedures to ensure that return of Title IV funds calculations are performed timely and accurately once the institution becomes aware of the students' withdrawal to ensure the unearned portion of the Title IV assistance, if any, is returned to the Department of Education within 45 days.

Views of Responsible Officials:

The University concurs with this finding. Bowie State University understands the importance of the return of Title IV funds calculations, and has developed a Corrective Action Plan that will be implemented by the Completion date.

Auditor's Conclusion:

Finding remains as stated.

Compliance and Internal Control Deficiency over Special Tests and Provisions - Student Enrollment Reporting

Repeat Finding: Yes – 2015 – 004

Condition:

During our testing of student enrollment reporting, we reviewed the enrollment status of 40 students. We noted that for three of the students selected, CSU did not submit the students' updated status to the National Student Loan Data System (NSLDS) within 60 days.

Criteria:

Uniform Guidance requires that non-Federal entities receiving Federal awards establish and maintain internal controls designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control – Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per Uniform Guidance:

Under the FFEL and Direct Loan programs, schools must complete and return within 30 days the Enrollment Reporting roster file [formerly the Student Status Confirmation Report (SSCR)] placed in their Student Aid Internet Gateway (SAIG) mailboxes sent by ED via National Student Loan Data System (NSLDS) (OMB No. 1845-0035). The institution determines how often it receives the Enrollment Reporting roster file with the default set at every two months, but the minimum is twice a year.

STATE OF MARYLAND

Schedule of Current Year Findings and Questioned Costs Year Ended June 30, 2017

Finding 2017 – 010 (continued)

Per Uniform Guidance: (continued)

Once received, the institution must update for changes in student status, report the date the enrollment status was effective, enter the new anticipated completion date, and submit the changes electronically through the batch method or the NSLDS web site. Institutions are responsible for timely reporting, whether they report directly or via a third-party servicer. Unless the school expects to complete its next roster within 60 days, the school must notify the lender or the guaranty agency within 30 days, if it discovers that a student who received a loan either did not enroll or ceased to be enrolled on at least a half-time basis (FFEL, 34 CFR section 682.610; Direct Loan, 34 CFR section 685.309).

Per 34 CFR § 682.610(c):

A school shall — (1) Upon receipt of a student status confirmation report form from the Secretary or a similar student status confirmation report form from any guaranty agency, complete and return that report within 30 days of receipt to the Secretary or the guaranty agency, as appropriate; and (2) Unless it expects to submit its next student status confirmation report to the Secretary or the guaranty agency within the next 60 days, notify the guaranty agency or lender within 30 days — (i) If it discovers that a Stafford, Supplemental Loan for Students (SLS), or Parent Loan for Undergraduate Students (PLUS) loan has been made to or on behalf of a student who enrolled at that school, but who has ceased to be enrolled on at least a half-time basis; (ii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a student who has been accepted for enrollment at that school, but who failed to enroll on at least a half-time basis for the period for which the loan was intended; (iii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a full-time student who has ceased to be enrolled on a full-time basis; or (iv) If it discovers that a student who is enrolled and who has received a Stafford or SLS loan has changed his or her permanent address.

Cause:

Students who had changes in enrollment status were not reported timely to CSU's enrollment reporting service provider, National Student Clearinghouse (NSC), which resulted in non-timely submission of students' enrollment status change to NSLDS.

Effect:

The change in a student's enrollment is not reported timely to the NSLDS database, thus, repayment date, grace period, and deferment are not properly determined.

Questioned Costs:

None.

Recommendation:

We recommend CSU establish procedures to ensure that enrollment status changes are tracked and reported internally more frequently to ensure accurate and timely reporting of the enrollment status changes to the NSLDS database.

Compliance and Internal Control Deficiency over Special Tests and Provisions –Return of Title IV Funds

Repeat Finding: No

Condition:

During our testing of the return of Title IV funds, we reviewed the return of Title IV funds calculation for 20 students. We noted for six out of 19 students, the Title IV funds was not returned within 45 days of the institution’s determination of student withdrawal. Additionally, one out of 20 student’s return of Title IV calculation was not performed during fiscal year 2017. It was performed upon notification by the auditor that it had not been performed.

Criteria:

Uniform Guidance requires that non-Federal entities receiving Federal awards establish and maintain internal controls designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control – Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per 34 CFR Section 668.22, when a recipient of Title IV grant or loan assistance withdraws from an institution during a payment period or period of enrollment in which the recipient began attendance, the institution must determine the amount of Title IV grant or loan assistance that the student earned as of the student's withdrawal date by calculating the total amount of Title IV assistance earned by the student. An institution must return the amount of Title IV funds for which it is responsible as soon as possible but no later than 45 days after the date of the institution's determination that the student withdrew.

STATE OF MARYLAND

**Schedule of Current Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2017 – 011 (continued)

Per Uniform Guidance:

When a recipient of Title IV grant or loan assistance withdraws from an institution during a payment period or period of enrollment in which the recipient began attendance, the institution must determine the amount of Title IV aid earned by the student as of the student's withdrawal date. If the total amount of Title IV assistance earned by the student is less than the amount that was disbursed to the student or on his or her behalf as of the date of the institution's determination that the student withdrew, the difference must be returned to the Title IV programs as outlined in this section and no additional disbursements may be made to the student for the payment period or period of enrollment. If the amount the student earned is greater than the amount disbursed, the difference between the amounts must be treated as a post-withdrawal disbursement.

Cause:

CSU did not have proper internal controls and procedures in place to ensure the calculated refunds were returned to ED timely.

Effect:

Department of Education did not receive the unearned Title IV assistance of \$7,956 from the institution in a timely manner.

Questioned Costs:

Unknown.

Recommendation:

We recommend CSU establish procedures to ensure that return of Title IV funds calculations are performed timely and accurately once the institution becomes aware of the students' withdrawal to ensure the unearned portion of the Title IV assistance, if any, is returned to the Department of Education within 45 days.

Views of Responsible Officials:

The institution concurs with this finding. Coppin State University understands the importance of the return of Title IV funds calculation, and has developed a Corrective Action Plan that will be implemented by the Completion date.

Auditor's Conclusion:

Finding remains as stated.

STATE OF MARYLAND

Student Financial Assistance Cluster

CFDA No. 84.007 Federal Supplemental Educational Opportunity Grants (FSEOG)

CFDA No. 84.033 Federal Work- Study Program (FWS)

CFDA No. 84.038 Federal Perkins Loan (FPL) – Federal Capital Contributions

CFDA No. 84.063 Federal Pell Grant Program (Pell)

CFDA No. 84.268 Federal Direct Student Loans (Direct Loan)

**Compliance and Internal Control Deficiency over Special Tests and Provisions -
Verification**

Repeat Finding: No

Condition:

During our testing of student enrollment reporting, we reviewed the verification support of 40 students who were selected by Department of Education to be verified by CSU. We noted that for three of the students selected for verification, CSU failed to update and submit the changes to the Institutional Student Information Record (ISIR) through the Central Processing System (CPS).

Criteria:

Uniform Guidance requires that non-Federal entities receiving Federal awards establish and maintain internal controls designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control – Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

For each award year the Department of Education publishes in the Federal Register notice for Free Application for Federal Student Aid (FAFSA) information that an institution and applicant may be required to verify (34 CFR 668.56(a)).

An institution must require an applicant whose FAFSA information is selected for verification by the Department of Education, to verify the information specified by the Secretary (34 CFR 668.54(a)(1)).

STATE OF MARYLAND

Schedule of Current Year Findings and Questioned Costs Year Ended June 30, 2017

Finding 2017 – 012 (continued)

Criteria: (continued)

For each applicant whose FAFSA information is selected for verification by the Secretary, the Secretary specifies the specific information that the applicant must verify (34 CFR 668.56(b)).

Per Uniform Guidance:

An institution may participate under an ED-approved Quality Assurance Program (QAP) that exempts it from verifying those applicants selected by the central processor, provided that the applicants do not meet the institution's own verification selection criteria. An institution not participating under an ED-approved QAP is required to establish written policies and procedures that incorporate the provisions of 34 CFR sections 668.51 through 668.61 for verifying applicant information. Such an institution shall require each applicant whose application is selected by ED to verify the information required for the Verification Tracking Group to which the applicant is assigned. However, certain applicants are excluded from the verification process as listed in 34 CFR section 668.54(b). Specified verification items and acceptable documentation will be listed in the Federal Register. The institution shall also require applicants to verify any information used to calculate an applicant's EFC that the institution has reason to believe is inaccurate.

Per OMB Compliance Supplement SFA Cluster:

If the institution does not have a Qualified Assurance Program (QAP), select a sample of applications that were selected by ED for verification and review the student aid files for those applications to ascertain that the institution (1) obtained acceptable documentation to verify the information required for the Verification Tracking Group to which the applicant is assigned; (2) matched information on the documentation to the student aid application; and, (3) if necessary, submitted data corrections to the central processor and recalculated awards.

Cause:

CSU did not have proper internal control and procedures in place to ensure necessary corrections are made to ISIR upon verification of the students through CPS.

Effect:

Without proper student information, including adjusted gross income, the calculation of student's cost of attendance and students' needs may be incorrect.

Questioned Costs:

Unknown.

Recommendation:

We recommend CSU to establish and follow proper internal controls to ensure proper review of the verified information is performed to ensure any necessary corrections are made timely to the ISIR through CPS.

STATE OF MARYLAND

**Schedule of Current Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2017 – 012 (continued)

Views of Responsible Officials:

Coppin State University understands the importance of the timely and accurate submission of changes to the ISIR, and has developed a Corrective Action Plan that will be implemented by the Completion date. Verifications were completed but the information was not corrected in Central Processing System (CPS). As part of quality control a sample of verified students are reviewed to ensure that verifications are done correctly and completely.

Auditor's Conclusion:

Finding remains as stated.

Compliance and Internal Control Deficiency over Special Tests and Provisions - Borrower Data Transmission and Reconciliation (Direct Loan)

Repeat Finding: No

Condition:

During our testing of the borrower data transmission and reconciliations, CSU was unable to provide required monthly borrower reconciliations for the 12 months during fiscal year 2017, and therefore we were unable to determine if monthly reconciliations between the Direct Loan Servicing System and the institution’s record had been performed accurately for fiscal year 2017.

Criteria:

Uniform Guidance requires that non-Federal entities receiving Federal awards establish and maintain internal controls designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control – Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per 34 CFR Section 685.102, 301, and 3939, an Institution must report all loan disbursements and submit required records to the Direct Loan Servicing System (DLSS) via the Common Origination and Disbursement (COD) within 15 days of disbursement. Each month, the COD provides institutions with a School Account Statement (SAS) data file which consists of a Cash Summary, Cash Detail, and (optional at the request of the school) Loan Detail records. The school is required to reconcile these files to the institution’s financial records.

STATE OF MARYLAND

**Schedule of Current Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2017 – 013 (continued)

Per Uniform Guidance:

Institutions must report all loan disbursements and submit required records to the Direct Loan Servicing System (DLSS) via the COD within 15 days of disbursement (*OMB No. 1845-0021*). Each month, the COD provides institutions with a School Account Statement (SAS) data file which consists of a Cash Summary, Cash Detail, and (optional at the request of the school) Loan Detail records. The school is required to reconcile these files to the institution's financial records. Since up to three Direct Loan program years may be open at any given time, schools may receive three SAS data files each month (34 CFR sections 685.102(b), 685.301, and 303).

Cause:

CSU did not have proper internal controls and procedures in place to perform monthly reconciliations between the institution's records and DLSS and maintain the adequate documentation in place.

Effect:

Without a proper reconciliation process in place, there is no assurance that loan disbursements are properly reported in the DLSS.

Questioned Costs:

None.

Recommendation:

We recommend CSU establish and follow proper internal controls to ensure that required monthly reconciliations are performed and reviewed for accuracy to ensure reconciling items are addressed in accordance with the Federal guidelines.

Views of Responsible Officials:

The institution concurs with this finding. Coppin State University understands the importance of the monthly borrower reconciliations, and has developed a Corrective Action Plan that will be implemented by the Completion date.

Auditor's Conclusion:

Finding remains as stated.

STATE OF MARYLAND

Year Ended June 30, 2017**

Finding 2017 – 014

University of Maryland, Eastern Shore (UMES)

U.S. Department of Education (ED)

Student Financial Assistance Cluster

CFDA No. 84.007 Federal Supplemental Educational Opportunity Grants (FSEOG)

CFDA No. 84.033 Federal Work- Study Program (FWS)

CFDA No. 84.038 Federal Perkins Loan (FPL) – Federal Capital Contributions

CFDA No. 84.063 Federal Pell Grant Program (Pell)

CFDA No. 84.268 Federal Direct Student Loans (Direct Loan)

Compliance and Internal Control Deficiency over Special Tests and Provisions - Student Enrollment Reporting

Repeat Finding: Yes – 2015 -- 006

Condition:

During our testing of student enrollment reporting, we reviewed the enrollment status of 32 students. We noted that for one of the students selected, UMES did not submit the student's updated status to the National Student Loan Data System (NSLDS) within 60 days. Additionally, UMES was unable to provide a population of students who receive financial aid that had a change in attendance level during the school year. Thus, we were not able to test whether students with changes in attendance level, for example from full time to part time, were adequately reported in the NSLDS.

Criteria:

Uniform Guidance requires that non-Federal entities receiving Federal awards establish and maintain internal controls designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control – Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per Uniform Guidance:

Under the FFEL and Direct Loan programs, schools must complete and return within 30 days the Enrollment Reporting roster file [formerly the Student Status Confirmation Report (SSCR)] placed in their Student Aid Internet Gateway (SAIG) mailboxes sent by ED via National Student Loan Data System (NSLDS) (OMB No. 1845-0035). The institution determines how often it receives the Enrollment Reporting roster file with the default set at every two months, but the minimum is twice a year.

STATE OF MARYLAND

Schedule of Current Year Findings and Questioned Costs Year Ended June 30, 2017

Finding 2017 – 014 (continued)

Per Uniform Guidance: (continued)

Once received, the institution must update for changes in student status, report the date the enrollment status was effective, enter the new anticipated completion date, and submit the changes electronically through the batch method or the NSLDS web site. Institutions are responsible for timely reporting, whether they report directly or via a third-party servicer. Unless the school expects to complete its next roster within 60 days, the school must notify the lender or the guaranty agency within 30 days, if it discovers that a student who received a loan either did not enroll or ceased to be enrolled on at least a half-time basis (FFEL, 34 CFR section 682.610; Direct Loan, 34 CFR section 685.309).

Per 34 CFR § 682.610(c):

A school shall — (1) Upon receipt of a student status confirmation report form from the Secretary or a similar student status confirmation report form from any guaranty agency, complete and return that report within 30 days of receipt to the Secretary or the guaranty agency, as appropriate; and (2) Unless it expects to submit its next student status confirmation report to the Secretary or the guaranty agency within the next 60 days, notify the guaranty agency or lender within 30 days — (i) If it discovers that a Stafford, Supplemental Loan for Students (SLS), or Parent Loan for Undergraduate Students (PLUS) loan has been made to or on behalf of a student who enrolled at that school, but who has ceased to be enrolled on at least a half-time basis; (ii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a student who has been accepted for enrollment at that school, but who failed to enroll on at least a half-time basis for the period for which the loan was intended; (iii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a full-time student who has ceased to be enrolled on a full-time basis; or (iv) If it discovers that a student who is enrolled and who has received a Stafford or SLS loan has changed his or her permanent address.

Cause:

Students who had changes in enrollment status were not reported timely to UMES's enrollment reporting service provider, National Student Clearinghouse (NSC), which resulted in non-timely submission of students' enrollment status change to NSLDS. Additionally, UMES did not have the controls in place to track financial aid recipients who had changes in attendance level during the audit period.

Effect:

The change in a student's enrollment is not reported timely to the NSLDS database, thus, repayment date, grace period, and deferment are not properly determined.

Questioned Costs:

Unknown.

Recommendation:

We recommend UMES establish procedures to ensure that all enrollment status changes are tracked internally more frequently throughout the year to ensure accurate and timely reporting of the enrollment status change to the NSLDS database.

STATE OF MARYLAND

**Schedule of Current Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2017 – 014 (continued)

Views of Responsible Officials:

The Institution concurs with this finding. The University of Maryland, Eastern Shore understands the importance of the timely enrollment status changes, and has developed a Corrective Action Plan that will be implemented by the Completion date.

Auditor's Conclusion:

Finding remains as stated.

STATE OF MARYLAND

**Schedule of Current Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2017 – 015

Maryland Department of Health (MDH)

U.S. Department of Health and Human Services

CFDA No. 93.243 Substance Abuse and Mental Health Service – Projects of Regional and National Significance

Compliance and Internal Control Deficiency over Subrecipient Monitoring

Repeat Finding: No

Condition:

During our audit, it was noted the Maryland Department of Health did not evaluate each subrecipient's risk of noncompliance for the Substance Abuse and Mental Health Service – Projects of Regional and National Significance program based on the new criteria set forth under Federal guidelines. Thus, the risk assessment was not used to determine the appropriate subrecipient monitoring that is required. We also noted for one out of five subrecipients we tested, one had audit findings that required follow up. The department did follow up on the audit finding and issue a management decision, but it was not within the six months of the audit report being submitted to the Federal Audit Clearinghouse (FAC) as required under Federal guidelines.

Criteria:

The Omni Circular and 45 CFR Part 75 require that non-Federal entities receiving Federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control-Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Title 2 U.S. Code of Federal Regulations §200.331 (b) states that each pass-through entity must evaluate each subrecipient's risk of noncompliance with Federal statutes, regulations, and the terms and conditions of the subaward for purposes of determining the appropriate subrecipient monitoring described in paragraphs (d) and (e) of this section.

Per Uniform Guidance:

Evaluate Risk – Evaluate each subrecipient's risk of noncompliance for purposes of determining the appropriate subrecipient monitoring related to the subaward (2 CFR section 200.331(b)). This evaluation of risk may include consideration of such factors as the following:

STATE OF MARYLAND

**Schedule of Current Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2017 – 015 (continued)

Per Uniform Guidance: (continued)

1. The subrecipient’s prior experience with the same or similar subawards; 2. The results of previous audits including whether or not the subrecipient receives single audit in accordance with 2 CFR part 200, subpart F, and the extent to which the same or similar subaward has been audited as a major program; 3. Whether the subrecipient has new personnel or new or substantially changed systems; and 4. The extent and results of Federal awarding agency monitoring (e.g., if the subrecipient also receives Federal awards directly from a Federal awarding agency).

Per 200.521 (c) *Pass-through entity*. As provided in § 200.331 Requirements for pass-through entities, paragraph (d), the pass-through entity must be responsible for issuing a management decision for audit findings that relate to Federal awards it makes to subrecipients. (d) *Time requirements*. The Federal awarding agency or pass-through entity responsible for issuing a management decision must do so within six months of acceptance of the audit report by the FAC. The auditee must initiate and proceed with corrective action as rapidly as possible and corrective action should begin no later than upon receipt of the audit report.

Cause:

The Department of Health does not have a process in place to perform the risk evaluation and did not have the personnel in place to provide a timely management decision on audit findings.

Effect:

The Department of Health is not in compliance with Federal guidelines.

Questioned Costs:

None.

Recommendation:

We recommend that Department of Health implement a process to assess and document the risk related to each subrecipient and document these procedures in the subrecipient monitoring procedures manual. We also recommend implementing procedures to ensure the subrecipient’s audit reports are obtained and the management decision, if needed, is timely issued in accordance with the Federal guidelines.

Views of Responsible Officials:

The Department concurs with the recommendation. The Maryland Department of Health (MDH), Office of the Inspector General (OIG) understands the importance of subrecipient risk assessments and obtaining subrecipient single audits, and has developed a Corrective Action Plan that will be implemented by the Completion date.

Auditor’s Conclusion:

Finding remains as stated.

Auditee's Corrective Action Plan:

The ongoing corrective action as of 2017 is that the Bureau of Program Evaluation receives a monthly CARES ad hoc report (Idea 10161/PRJ-06742) of 956 & 957 alerts. This report is shared with the Local Department of Social Services (LDSS) for follow up of the alerts listed. This plan of action also includes providing case manager training to the local departments. As of February 13, 2018, this training has been provided by DHS' Bureau of Training.

As noted in our prior year's audit response for this finding, Family Investment Administration (FIA) will launch an electronic tool Match Direct designed to assist local departments in monitoring and taking appropriate action on cases with non-cooperation as it relates to child support. This WebEx based tool is estimated to be available beginning November 1, 2018.

FIA will provide the same monitoring for the Child Support Non-Cooperation alerts as we provide for the Public Assistance Reporting Information System (PARIS) and New Hire alerts. CSE alert assignments will be provided monthly with a timeline for completion. Our communication to the local department will continue to be formal and in writing, while we provide the technical support that may be needed to resolve these alerts and ensure that they are properly reflected in the CARES system.

U.S. Department of Health and Human Services

CFDA No. 93.566 Refugee and Entrant Assistance- State-Administered Program

Compliance and Internal Control Deficiency over Eligibility-Refugee Medical Assistance

Repeat Finding: No

Auditee's Corrective Action Plan:

This finding is a result of the Daily Batch File called the 8001 File process that is processed via CARES to the Maryland Department of Health (MDH). This finding was caused because a case was closed in CARES, but not on the Medicaid Management Information System (MMIS). MMIS is controlled by Maryland Department of Health (MDH) and DHS does not have the ability to close cases on MMIS and relies on the 8001 File process to transfer case closure data from CARES to MMIS.

Our collective Corrective Action Plan to ensure that all CARES RMA case closures are processed by Maryland Department of Health's (MMIS) is as follows:

MMIS will require local departments to complete and submit a manual Certification Turnaround Document (CTAD) for every RMA case closure until MMIS upgrades their legacy system or MDH modifies their current system procedures for 8001 File processing to ensure files are not lost and exception reports are reviewed.

DHS has implemented controls to ensure that Medical Assistance cases that are closed in CARES are properly updated in MMIS once it is discovered that the automated overnight update did not occur. This will be addressed once the CTAD exception report-HMFR6965 CARES OUTSTANDING CTAD DETAIL is received by the Statewide Medical Assistance Response Team (SMART), then a Certification Turnaround Document (CTAD) is sent to MDH.

As a part of the Community of Practice on serving Limited English Proficient immigrant customers, RMA policy was reviewed during the December 13, 2017 meeting and participants were reminded that when recipients reach the end of their eligibility period, eligibility must be terminated on both CARES and MMIS. Moving forward, DHS will conduct a monthly review of all active cases to ensure they are being closed appropriately. In instances in which this process fails, DHS will contact the Maryland Department of Health to request closure on MMIS.

Repeat Finding: No

Auditee's Corrective Action Plan:

DHS ensures compliance with 45 CFR Part 75 by requiring all entities that apply for funding to submit a list of State and Federal government contracts. A typical list includes key details such as funding source, a description or purpose of the funds, award amount, the term of the award and grantor's contact information. As part of the DHS procurement process, we also require applicants to submit a description of their experience including an organizational chart, staff biographies and resumes, and a copy of their most recent Single Audit reports. This information is used to assess the overall organizational capacity including risk exposure.

DHS recognizes that this information is only collected at the time of initial award; and it has not been required for subsequent contract renewals. DHS will update protocols to require vendors to submit this information at least once per year.

Compliance and Internal Control Deficiency over Special Tests and Provisions - Student Enrollment Reporting

Repeat Finding: Yes – 2015 – 004

Auditee’s Corrective Action Plan:

The Coppin State University has revised its student withdrawal policy and procedure to ensure accurate enrollment reporting to the National Student Clearinghouse and subsequently to National Student Loan Data System. Enrollment reporting will continue to be done 4 times a semester for fall, spring and summer and 2 times during the winter session. To capture students who have changed their enrollment status between the scheduled reporting periods, updates are made to the National Student Clearinghouse on an as needed basis which could be 1-2 times per week during the semester/session. These additional reporting times facilitate compliance with the 60 day reporting period. Due to the timing of the Single Audit process the 3 items identified as out of compliance occurred prior to the Spring 2017 implementation of this revised policy.

Students who seek to withdraw from classes and/ or the University after the add/drop period must visit the Office of Records and Registration to complete an Official Withdrawal from Class Form. Service Indicators have been placed on all students’ accounts to prevent them from accessing the self-service withdrawal option in the student records system.

Revised Withdrawal Procedure:

1. Students visit the Office of Records and Registration and complete the Official Withdrawal from Class Form.
2. Withdrawal requests are processed and separated according to the change in enrollment status including: total withdrawal from all classes, full-time to part-time and less than half time.

STATE OF MARYLAND

Schedule of Corrective Action Plans Year Ended June 30, 2017

Finding 2017 – 010 (continued)

3. Withdrawal requests are given to the designated staff member to update the student's status in the National Student Clearinghouse database. When reporting to the Clearinghouse the student's official last day of attendance at the University is used as the withdrawal date and not the last day of the semester. Once the status has been updated a receipt of the change is printed and attached to the withdrawal form. A scanned copy of the form is retained along with the hard copy in the Office of Records and Registration.
4. The Office of Records and Registration will continue to run a (W) Grade Report as a part of the enrollment reporting verification process to identify students who have withdrawn from all classes, changed from full-time to part-time or who are less than part-time. A staff person compares the report to the withdrawal forms that have been submitted to the Office of Records and Registration. The Registrar signs off on the National Student Clearinghouse confirmation sheet once the withdrawal has been processed and posted. This information is filed in a withdrawal binder in the Office of Records and Registration.
5. Students who have requested a total withdrawal from all classes are also reported to the Office of Financial Aid and other student service offices at the University by the Registrar via email.
6. To ensure that students that have changed their enrollment status are accurately reported in a timely manner to the National Student Clearinghouse and National Student Loan Data System (NSLDS) the Registrar, or designated staff member will perform a secondary review of a student's change in status. The subsequent review is done when the National Student Clearinghouse issues an Enrollment Error Report that shows a student's change in enrollment status. This secondary review verifies that the status has been changed and will be properly reflected on the student's enrollment and loan records.

In order to improve our verification process, Coppin State University has secured Kentucky Higher Education Assistance Authority (KHEAA), a third party vendor that specializes in completing verifications. KHEAA will begin processing in March 2018. Verifications will be completed directly in Central Processing System (CPS) and includes a three tiered quality control process. Each verified student will be reviewed by more than one person. In addition, Coppin State University staff will attend additional training to provide a check and balance of third party services.

The three tiered quality control process is as follows:

- Tier one – A financial aid counselor enters the documents received, requests basic additional documents, and assigns files for initial evaluation. Once assigned, the counselor reviews documentation/information received against ISIR. If additional info is needed, they create a documents account.
- Tier two - An additional counselor contacts the students for additional information/documents. They identify corrections to enter into KHEAA verify.
- Tier three - Another counselor verifies all documents in the file and makes the necessary corrections. The corrections are made through Financial Aid Administrators (FAA) Access and are completed within 48 hours of receiving documents.

The Director of Financial Aid will perform the final review and approval.

CFDA No. 84.038 Federal Perkins Loan (FPL) – Federal Capital Contributions

CFDA No. 84.063 Federal Pell Grant Program (Pell)

CFDA No. 84.268 Federal Direct Student Loans (Direct Loan)

Compliance and Internal Control Deficiency over Special Tests and Provisions - Borrower Data Transmission and Reconciliation (Direct Loan)

Repeat Finding: No

Auditee's Corrective Action Plan:

Coppin State University is aware of the federal guidelines in performing monthly reconciliations. Coppin State experienced a high rate of turnover. Coppin State had already self-identified the concerns that were identified in this audit.

As part of Coppin State's corrective action plan a new Financial Aid Director with a proven track history has been hired to create consistency in the Financial Aid office. In addition, a new set of policy and procedures has been established to ensure that proper documentation of the reconciliation process is in place. The Financial Aid Director is preparing the reconciliation monthly. To ensure this is being done, the Financial Aid Office and Controller's Office meet monthly.

The Office of Financial Aid's Direct Loan Reconciliation Business Process Guide has step by step procedures between:

1. Common Origination and Disbursement (COD);
2. School Account Statement (SAS); and
3. the PeopleSoft Borrower Data Transmission Reconciliation.

Compliance and Internal Control Deficiency over Special Tests and Provisions - Student Enrollment Reporting

Repeat Finding: Yes – 2015 – 006

Auditee's Corrective Action Plan:

The University of Maryland Eastern Shore (UMES) concurs with the recommendations and will establish additional reporting procedures to ensure that all enrollment status changes are tracked internally four times per semester, to ensure accurate and timely reporting of the enrollment status changes to the NSLDS database. Starting July 31, 2018, UMES will implement two (2) internal enrollment reports, an Enrollment Confirmation Report and Enrollment Change Status Report. The Enrollment Confirmation report will list all students enrolled at UMES for the specified semester as well as their current credit load and enrollment status based on the date the report is created. The Enrollment Change Status report will identify all students whose enrollment status changed during a specified timeframe. Once the initial enrollment report is submitted to NSDLS for the semester, the Enrollment Change Status report would be ran to identify all students with a change in enrollment between the timeframe of the first enrollment report and the second enrollment report for the semester. This will allow the registrar to confirm that enrollment status changes being reported to the NSLDS database are correct. Both reports will be run each time for review before submitting enrollment status changes to the NSLDS database and stored on UMES' shared drive as well as in its electronic image management system, Perceptive – Image Now.

Student Financial Assistance Cluster

CFDA No. 84.007 Federal Supplemental Educational Opportunity Grants (FSEOG)

CFDA No. 84.032 Federal Family Education Loans (FFEL)

CFDA No. 84.033 Federal Work- Study Program (FWS)

CFDA No. 84.037 Perkins Loan Cancellations

CFDA No. 84.038 Federal Perkins Loan (FPL) – Federal Capital Contributions

CFDA No. 84.063 Federal Pell Grant Program (Pell)

CFDA No. 84.268 Federal Direct Student Loans (Direct Loan)

**Compliance and Significant Deficiency over Special Tests and Provisions - Borrower Data
Transmission and Reconciliation (Direct Loan)**

Repeat Finding: No

Condition:

During our testing of the borrower data transmission and reconciliations for fiscal year 2016, we noted that the required monthly borrower reconciliations were not performed for 10 months during fiscal year 2016.

Auditee's Update – October 2017:

The College fully corrected the findings by performing monthly reconciliations to match the Cash Summary, Cash Detail and the Loan Detail records during fiscal year 2017. Monthly reconciliations are performed timely. Financial Aid sent the School Account Statement to the Business Office, which compared it to the Campus Administrative Resources System for exceptions, and it was supervisor reviewed in accordance with Federal regulations.

Auditor's 2017 Status:

Based on follow-up testing performed for fiscal year 2017, the finding is resolved.

Compliance and Significant Deficiency over Special Tests and Provisions - Student Enrollment Reporting

Repeat Finding: Yes – 2013 - 013

Condition:

During our testing of student enrollment reporting, we reviewed the enrollment status of forty students. We noted that for six of the students selected, St. Mary's did not submit the students' updated status to the National Student Loan Data System (NSLDS) within 60 days.

Auditee's Update – October 2017:

The College implemented additional policies and procedures. Regularly generated reports monitor students who have withdrawn on a monthly basis and report those changes to the clearinghouse.

The College fully corrected the findings in the spring semester after we became aware of the reporting discrepancies. The College's Office of the Registrar updated enrollment status changes as scheduled in the NSLDS database. The Inter-Office Workgroup will continue to monitor procedures in this as well as other areas. The workgroup includes Enrollment Management, Financial Aid, Academic Services, the Registrar and the Business Office.

Auditor's 2017 Status:

Based on follow-up testing performed for fiscal year 2017, the finding is resolved.

Compliance and Significant Deficiency over Special Tests and Provisions - Student Enrollment Reporting

Repeat Finding: No

Condition:

During our testing of student enrollment reporting, we reviewed the enrollment status of forty students. We noted that for thirteen of the students selected, TU did not submit the students' updated status to the National Student Loan Data System (NSLDS) within 60 days.

Auditee's Update- October 2017:

The University has fully corrected the findings as of January 2017, in collaboration with the National Student Clearinghouse (NSC). The Financial Aid and Registrar Offices have revised our NSC report submission schedules to improve accuracy and prevent future reporting delays.

1. We have increased our enrollment report submission schedule from 3 submissions for each Fall/Spring semester to 4 submissions per Fall/Spring semester and at least 2 submissions in the Summer.
2. We have also revised our graduation data submission schedule to ensure that all reports reach NSC in time to be included in the appropriate SSCR report to reach NSLDS within 60 days of their graduation dates.

Auditor's 2017 Status:

Based on follow-up testing performed for fiscal year 2017, the finding is resolved.

CFDA No. 84.063 Federal Pell Grant Program (Pell)

CFDA No. 84.268 Federal Direct Student Loans (Direct Loan)

Compliance and Significant Deficiency over Special Tests and Provisions - Student Enrollment Reporting

Repeat Finding: No

Condition:

During our testing of student enrollment reporting, we reviewed the enrollment status of forty students. We noted that for seven of the students selected, UMCP did not submit the students' unofficial withdrawal status to the National Student Loan Data System (NSLDS) timely and within 60 days.

Criteria:

Uniform Guidance requires that non-Federal entities receiving Federal awards establish and maintain internal controls designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control – Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per Uniform Guidance:

Under the FFEL and Direct Loan programs, schools must complete and return within 30 days the Enrollment Reporting roster file [formerly the Student Status Confirmation Report (SSCR)] placed in their Student Aid Internet Gateway (SAIG) mailboxes sent by ED via National Student Loan Data System (NSLDS) (OMB No. 1845-0035). The institution determines how often it receives the Enrollment Reporting roster file with the default set at every two months, but the minimum is twice a year.

STATE OF MARYLAND

Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2017

Finding 2016 - 004 (continued)

Criteria: (continued)

Once received, the institution must update for changes in student status, report the date the enrollment status was effective, enter the new anticipated completion date, and submit the changes electronically through the batch method or the NSLDS web site. Institutions are responsible for timely reporting, whether they report directly or via a third-party servicer. Unless the school expects to complete its next roster within 60 days, the school must notify the lender or the guaranty agency within 30 days, if it discovers that a student who received a loan either did not enroll or ceased to be enrolled on at least a half-time basis (FFEL, 34 CFR section 682.610; Direct Loan, 34 CFR section 685.309).

Per 34 CFR § 682.610(c):

A school shall — (1) Upon receipt of a student status confirmation report form from the Secretary or a similar student status confirmation report form from any guaranty agency, complete and return that report within 30 days of receipt to the Secretary or the guaranty agency, as appropriate; and (2) Unless it expects to submit its next student status confirmation report to the Secretary or the guaranty agency within the next 60 days, notify the guaranty agency or lender within 30 days — (i) If it discovers that a Stafford, Supplemental Loan for Students (SLS), or Parent Loan for Undergraduate Students (PLUS) loan has been made to or on behalf of a student who enrolled at that school, but who has ceased to be enrolled on at least a half-time basis; (ii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a student who has been accepted for enrollment at that school, but who failed to enroll on at least a half-time basis for the period for which the loan was intended; (iii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a full-time student who has ceased to be enrolled on a full-time basis; or (iv) If it discovers that a student who is enrolled and who has received a Stafford or SLS loan has changed his or her permanent address.

Recommendation:

We recommend that UMCP establish procedures to ensure that enrollment status changes are updated and accurately reported in a timely manner in the NSLDS database.

Auditee's Update – March 2018:

As noted in the initial response, the University does not agree the dates used to assess timely reporting of enrollment changes to NSLDS.

The University has not implemented a corrective action plan, but is reporting as required. The University took the following actions as planned until the finding is fully corrected. The University reviewed current procedures for determining student enrollment status changes, particularly as they relate to withdrawals, and evaluated any procedural and system enhancements, including frequency of reporting, to ensure the University is meeting all reporting obligations as required by Federal regulations.

STATE OF MARYLAND

**Schedule of Prior Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2016 - 004 (continued)

Auditee's Update – March 2018: (continued)

The University has made some reporting adjustments with the inclusion of an additional enrollment file. In an effort to capture retroactive enrollment status changes that are granted after a term ends, we are now sending an additional file several weeks after the last day of classes. The purpose of this file is to capture late cancellations or withdrawals that occur after the last day of classes. After this last file is transmitted, we begin sending files for the next term, every 30 days as required. We are following NSLDS guidelines as clearly outlined in the announcement released on April 20th, 2017. As such, the University has been in compliance with reporting requirements.

Auditor's 2017 Status:

Based on follow-up testing performed in fiscal year 2017, there were instances of untimely reporting of enrollment status changes. Finding remains as stated.

STATE OF MARYLAND

**Schedule of Prior Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2016 - 005

University System of Maryland – Salisbury University (SU)

U.S. Department of Education (ED)

Student Financial Assistance Cluster

CFDA No. 84.007 Federal Supplemental Educational Opportunity Grants (FSEOG)

CFDA No. 84.032 Federal Family Education Loans (FFEL)

CFDA No. 84.033 Federal Work- Study Program (FWS)

CFDA No. 84.037 Perkins Loan Cancellations

CFDA No. 84.038 Federal Perkins Loan (FPL) – Federal Capital Contributions

CFDA No. 84.063 Federal Pell Grant Program (Pell)

CFDA No. 84.268 Federal Direct Student Loans (Direct Loan)

Compliance and Significant Deficiency over Special Tests and Provisions - Student Enrollment Reporting

Repeat Finding: No

Condition:

During our testing of student enrollment reporting, we reviewed the enrollment status of 40 students. We noted that for eight of the students selected, SU did not submit the students' updated status to the National Student Loan Data System (NSLDS) within 60 days.

Auditee's Update – October 2017:

The findings were fully corrected in fiscal year 2017. As described above, the University corrective action plan was implemented in January 2017. In addition to the corrective action plan, the University has had ongoing meetings with officials at the National Student Clearinghouse (NSC) to ensure that all reporting is done with the highest degree of accuracy and timeliness possible.

The University has had a continual dialogue with the NSC regarding improvements needed for processing and notification of the reports we send them which are subsequently used to update the NSLDS database and records. In addition to a continuum of emails and phone calls with the NSC this year, key staff attended a meeting with the NSC on September 20 in Arlington, VA to learn more about enhancements they are making relative to Graduated (G) statuses we report to them. This meeting enabled us to establish a direct dialogue with the NSC Director of Data Excellence & Operations which includes their Audit Resource Center, to make them aware of specific challenges we are dealing with that came to light as a result of the audit.

STATE OF MARYLAND

**Schedule of Prior Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2016 - 005 (continued)

Auditee's Update – October 2017: (continued)

The NSC realizes there has been a gap on their end between what information schools send to them, what they have accepted and reported to NSLDS, and the disparities that were then never communicated back to the schools.

Auditor's 2017 Status:

Based on follow-up testing performed for fiscal year 2017, the finding is resolved.

STATE OF MARYLAND

**Schedule of Prior Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2016 - 006

Morgan State University (MSU)

U.S. Department of Education (ED)

CFDA No. 84.031 Higher Education Institutional Aid

Compliance and Significant Deficiency over Activities Allowed or Unallowed and Allowable Costs/Cost Principles

Repeat Finding: No

Condition:

During our testing of Activities Allowed or Unallowed and Allowable Costs/Cost Principles, Morgan State (1) was unable to provide the approved timesheet for 4 out of 40 selected payroll transactions; (2) was unable to provide support or allocation method for employee's time charged to the Federal program for 40 out of 40 payroll transactions; (3) was unable to provide sufficient support for the pay rate charged for 1 out of 40 payroll transactions.

Auditee's Update – October 2017:

The University provided support and explanations for the transactions listed in the audit finding. In addition, the University fully corrected the finding and implemented new internal controls by the May 2017 correction date that included the creation of a new position that would coordinate directly with the auditors to ensure timely and accurate support be provided for substantive testing requests. Also, the University implemented a new certification process that includes electronic reminders and procurement halts for non-submission of timely reports for fiscal year 2018.

The United States Department of Education Office of the Chief Financial Officer September 20, 2017 letter regarding correspondence with the University regarding these findings and recommendations determined that they do not require further actions now by the University regarding this finding.

Auditor's 2017 Status:

Based on follow-up testing performed during fiscal year 2017, the finding is resolved.

STATE OF MARYLAND

**Schedule of Prior Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2016 - 007

Department of Human Resources (DHR)

U.S. Department of Health and Human Services

CFDA No. 93.558 Temporary Assistance for Needy Families (TANF)

Internal Control Deficiency over Eligibility

Repeat Finding: No

Condition:

We selected a sample size of 40 transactions to test that the supervisors are reviewing and approving participant's applications and/or redetermination for completeness and accuracy of information. We noted eight cases out of 40 for which the application or redetermination was not signed by the caseworker noting their review for propriety of information per the application and information in the system.

Auditee's Update – October 2017:

DHR has fully corrected the findings. The Family Investment Administration (FIA) has informed all Local Department of Social Services Assistant/Deputy Directors that they are required to notify all staff of the aforementioned policy and procedures regarding the importance of adequate documentation of case manager reviews and approvals or denials of program applications or redeterminations.

Specifically, the case managers will sign the paper applications indicating that they have reviewed them. All FIA Assistant/Deputy Directors will notify 100% of their case manager staff of this requirement.

Auditor's 2017 Status:

Based on follow-up testing performed in fiscal year 2017, the finding is resolved.

STATE OF MARYLAND

**Schedule of Prior Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2016 - 008

Department of Human Resources (DHR)

U.S. Department of Health and Human Services

CFDA No. 93.558 Temporary Assistance for Needy Families (TANF)

**Compliance and Material Weakness over Special Tests and Provisions - Child Support
Non-Cooperation**

Repeat Finding: Yes – 2015 - 009

Condition:

We selected a sample to test whether payments are being reduced to individuals in cases where it is reported to the State TANF agency that an individual is not complying with the State child support program. We tested 40 cases where notification was received that an individual was not complying with Child Support Enforcement (CSE). Of these 40 cases selected, 29 cases did not have benefit payments reduced, nor good cause adequately documented within the Client Automated Resources Eligibility System (CARES) justifying why the payments were not reduced.

Criteria:

The Uniform Guidance and 45 CFR Part 75 require that non-Federal entities receiving Federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control-Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per Uniform Guidance:

If the State agency responsible for administering the State plan approved under Title IV-D of the Social Security Act determines that an individual is not cooperating with the State in establishing paternity, or in establishing, modifying or enforcing a support order with respect to a child of the individual, and reports that information to the State agency responsible for TANF, the State TANF agency must (1) deduct an amount equal to not less than 25 percent from the TANF assistance that would otherwise be provided to the family of the individual, and (2) may deny the family any TANF assistance.

STATE OF MARYLAND

Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2017

Finding 2016 - 008 (continued)

Per Uniform Guidance (continued):

HHS may penalize a State for up to five percent of the SFAG for failure to substantially comply with this required State child support program (42 USC 608(a)(2) and 609(a)(8); 45 CFR sections 264.30 and 264.31).

Recommendation:

We recommend that the State TANF agency establish and implement controls in place to ensure that when an alert of non-compliance from CSE is received, benefits are reduced in accordance with compliance requirements, and accounts are periodically reviewed to ensure that benefit payments are reduced after a notice has been sent out. This could include a flag being placed on the individuals account after a non-compliance CSE alert has been issued, which has to be cleared by the agency before payment is issued. We further recommend that the State TANF agency develop and maintain controls to ensure that a clear record of the activity on the account is documented within the CARES system.

Auditee's Update and Corrective Action Plan - October 2017:

On May 2, 2017, FIA issued a Policy and Training Alert reminding case managers about the importance of taking action regarding non-cooperation with child support requirements.

Approval has been received to launch a new electronic tool designed to assist local departments and FIA central leadership in monitoring and taking appropriate action on cases with non-cooperation as it relates to child support. Match Direct will include the monthly lists of cases that require action due to non-cooperation with child support requirements.

Auditor's 2017 Status:

Finding remains as stated. See current year 2017-004 finding.

Compliance and Significant Deficiency over Special Tests and Provisions - Student Enrollment Reporting

Condition:

During our testing of student enrollment reporting, we reviewed the enrollment status of 40 students. We noted that for 2 out of 40 of the students selected, CSU did not submit the students' updated status to the National Student Loan Data System (NSLDS) within 60 days.

Criteria:

The A-102 Common Rule and OMB Circular A-110 (2 CFR part 215) require that non-Federal entities receiving Federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in Internal Control – Integrated Framework (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per OMB A-133:

Under the FFEL and Direct Loan programs, schools must complete and return within 30 days the Enrollment Reporting roster file [formerly the Student Status Confirmation Report (SSCR)] placed in their Student Aid Internet Gateway (SAIG) mailboxes sent by ED via National Student Loan Data System (NSLDS) (OMB No. 1845-0035). The institution determines how often it receives the Enrollment Reporting roster file with the default set at every two months, but the minimum is twice a year.

STATE OF MARYLAND

Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2017

Finding 2015 - 004 (continued)

Per OMB A-133: (continued)

Once received, the institution must update for changes in student status, report the date the enrollment status was effective, enter the new anticipated completion date, and submit the changes electronically through the batch method or the NSLDS web site. Institutions are responsible for timely reporting, whether they report directly or via a third-party servicer. Unless the school expects to complete its next roster within 60 days, the school must notify the lender or the guaranty agency within 30 days, if it discovers that a student who received a loan either did not enroll or ceased to be enrolled on at least a half-time basis (FFEL, 34 CFR section 682.610; Direct Loan, 34 CFR section 685.309).

Per 34 CFR § 682.610(c):

A school shall — (1) Upon receipt of a student status confirmation report form from the Secretary or a similar student status confirmation report form from any guaranty agency, complete and return that report within 30 days of receipt to the Secretary or the guaranty agency, as appropriate; and (2) Unless it expects to submit its next student status confirmation report to the Secretary or the guaranty agency within the next 60 days, notify the guaranty agency or lender within 30 days — (i) If it discovers that a Stafford, Supplemental Loan for Students (SLS), or Parent Loan for Undergraduate Students (PLUS) loan has been made to or on behalf of a student who enrolled at that school, but who has ceased to be enrolled on at least a half-time basis; (ii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a student who has been accepted for enrollment at that school, but who failed to enroll on at least a half-time basis for the period for which the loan was intended; (iii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a full-time student who has ceased to be enrolled on a full-time basis; or (iv) If it discovers that a student who is enrolled and who has received a Stafford or SLS loan has changed his or her permanent address.

Recommendation:

We recommend that CSU establish a procedure to ensure that enrollment status changes are updated and accurately reported in a timely manner in the NSLDS database.

Auditee's Update and Corrective Action Plan – October 2017:

The Coppin State University has revised its student withdrawal policy and procedure to ensure accurate enrollment reporting to the National Student Clearinghouse and subsequently to National Student Loan Data System. Enrollment reporting will continue to be done 4 times a semester for fall, spring, and summer and 2 times during the winter session. To capture students who have changed their enrollment status between the scheduled reporting periods, updates are made to the National Student Clearinghouse on an as needed basis which could be 1-2 times per week during the semester/session. These additional reporting times facilitate compliance with the 60 day reporting period. Due to the timing of the Single Audit process the 3 items identified as out of compliance occurred prior to the Spring 2017 implementation of this revised policy.

Finding 2015 - 004 (continued)

Auditee's Update and Corrective Action Plan – October 2017: (continued)

Students who seek to withdraw from classes and/or the University after the add/drop period must visit the Office of Records and Registration to complete an Official Withdrawal from Class Form. Service Indicators have been placed on all students' accounts to prevent them from accessing the self-service withdrawal option in the student records system.

Auditor's 2017 Status:

Finding remains as stated. See current year 2017-010 finding.

Compliance and Significant Deficiency over Special Tests and Provisions - Student Enrollment Reporting

Condition:

During our testing of student enrollment reporting, we reviewed the enrollment status of twenty students. We noted that for two of the students selected, UMES did not submit the students' updated status to the National Student Loan Data System (NSLDS) within 60 days.

Criteria:

The A-102 Common Rule and OMB Circular A-110 (2 CFR part 215) require that non-Federal entities receiving Federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in Internal Control – Integrated Framework (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per OMB A-133:

Under the FFEL and Direct Loan programs, schools must complete and return within 30 days the Enrollment Reporting roster file [formerly the Student Status Confirmation Report (SSCR)] placed in their Student Aid Internet Gateway (SAIG) mailboxes sent by ED via National Student Loan Data System (NSLDS) (OMB No. 1845-0035). The institution determines how often it receives the Enrollment Reporting roster file with the default set at every two months, but the minimum is twice a year.

STATE OF MARYLAND

Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2017

Finding 2015 - 006 (continued)

Per OMB A-133: (continued)

Once received, the institution must update for changes in student status, report the date the enrollment status was effective, enter the new anticipated completion date, and submit the changes electronically through the batch method or the NSLDS web site. Institutions are responsible for timely reporting, whether they report directly or via a third-party servicer. Unless the school expects to complete its next roster within 60 days, the school must notify the lender or the guaranty agency within 30 days, if it discovers that a student who received a loan either did not enroll or ceased to be enrolled on at least a half-time basis (FFEL, 34 CFR section 682.610; Direct Loan, 34 CFR section 685.309).

Per 34 CFR § 682.610(c):

A school shall — (1) Upon receipt of a student status confirmation report form from the Secretary or a similar student status confirmation report form from any guaranty agency, complete and return that report within 30 days of receipt to the Secretary or the guaranty agency, as appropriate; and (2) Unless it expects to submit its next student status confirmation report to the Secretary or the guaranty agency within the next 60 days, notify the guaranty agency or lender within 30 days — (i) If it discovers that a Stafford, Supplemental Loan for Students (SLS), or Parent Loan for Undergraduate Students (PLUS) loan has been made to or on behalf of a student who enrolled at that school, but who has ceased to be enrolled on at least a half-time basis; (ii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a student who has been accepted for enrollment at that school, but who failed to enroll on at least a half-time basis for the period for which the loan was intended; (iii) If it discovers that a Stafford, SLS, or PLUS loan has been made to or on behalf of a full-time student who has ceased to be enrolled on a full-time basis; or (iv) If it discovers that a student who is enrolled and who has received a Stafford or SLS loan has changed his or her permanent address.

Recommendation:

We recommend that UMES establish procedures to ensure that enrollment status changes are updated and accurately reported in a timely manner in the NSLDS database.

Auditee's Update and Corrective Action Plan - October 2017:

The University of Maryland Eastern Shore (UMES) will establish additional reporting procedures to ensure that all enrollment status changes are tracked internally four times per semester, to ensure accurate and timely reporting of the enrollment status changes to the NSLDS database. Starting July 31, 2018, UMES will implement two (2) internal enrollment reports, an Enrollment Confirmation Report and Enrollment Change Status Report. The Enrollment Confirmation report will list all students enrolled at UMES for the specified semester as well as their current credit load and enrollment status based on the date the report is created.

STATE OF MARYLAND

**Schedule of Prior Year Findings and Questioned Costs
Year Ended June 30, 2017**

Finding 2015 - 006 (continued)

Auditee's Update and Corrective Action Plan - October 2017: (continued)

The Enrollment Change Status report will identify all students whose enrollment status changed during a specified timeframe. Once the initial enrollment report is submitted to NSDLS for the semester, the Enrollment Change Status report would be ran to identify all students with a change in enrollment between the timeframe of the first enrollment report and the second enrollment report for the semester. This will allow the registrar to confirm that enrollment status changes being reported to the NSLDS database are correct. Both reports will be run each time for review before submitting enrollment status changes to the NSLDS database and stored on UMES' shared drive as well as in its electronic image management system, Perceptive – Image Now.

Compliance and Material Weakness over Special Tests and Provisions - Child Support Non-Cooperation

Condition:

We selected a sample to test whether payments are being reduced to individuals in cases where it is reported to the State TANF agency that an individual is not complying with the State child support program. We tested 10 cases where notification was received that an individual was not complying with Child Support Enforcement (CSE). Of these 10 cases selected, we noted that benefit payments were not reduced for 9 cases that received an alert that they were not in compliance with child support. During our testing we noted that the CARES system used in the TANF program was not always updated after an alert was issued.

Criteria:

The A-102 Common Rule and OMB Circular A-110 (2 CFR part 215) require that non-Federal entities receiving Federal awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

The characteristics of internal control are presented in the context of the components of internal control discussed in *Internal Control-Integrated Framework* (COSO Report), published by the Committee of Sponsoring Organizations of the Treadway Commission. The COSO Report provides a framework for organizations to design, implement, and evaluate control that will facilitate compliance with the requirements of Federal laws, regulations, and program compliance requirements.

Per OMB Circular A-133, June 2015:

If the State agency responsible for administering the State plan approved under Title IV-D of the Social Security Act determines that an individual is not cooperating with the State in establishing paternity, or in establishing, modifying or enforcing a support order with respect to a child of the individual, and reports that information to the State agency responsible for TANF, the State TANF agency must (1) deduct an amount equal to not less than 25 percent from the TANF assistance that would otherwise be provided to the family of the individual, and (2) may deny the family any TANF assistance. HHS may penalize a State for up to five percent of the SFAG for failure to substantially comply with this required State child support program (42 USC 608(a)(2) and 609(a)(8); 45 CFR sections 264.30 and 264.31).

STATE OF MARYLAND

Schedule of Prior Year Findings and Questioned Costs Year Ended June 30, 2015

Finding 2015 - 009 (continued)

Recommendation:

SBC recommends that TANF establish and implement controls to ensure that when an alert of non-compliance from CSE is received, the case is investigated to determine if benefits should be reduced. We also recommend the investigation notes are clearly documented in CARES and if a reduction of benefits is determined to be required, they are reduced timely in accordance with the compliance requirements.

Auditee's Update and Corrective Action Plan - October 2017:

The ongoing corrective action as of 2017 is that the Bureau of Program Evaluation receives a monthly CARES ad hoc report (Idea 10161/PRJ-06742) of 956 & 957 alerts. This report is shared with the Local Department of Social Services (LDSS) for follow up of the alerts listed. This plan of action also includes providing case manager training to the local departments. As of February 13, 2018, this training has been provided by DHS' Bureau of Training.

As noted in our prior year's audit response for this finding, Family Investment Administration (FIA) will launch an electronic tool Match Direct designed to assist local departments in monitoring and taking appropriate action on cases with non-cooperation as it relates to child support. This WebEx based tool is estimated to be available beginning November 1, 2018.

FIA will provide the same monitoring for the Child Support Non-Cooperation alerts as we provide for the Public Assistance Reporting Information System (PARIS) and New Hire alerts. CSE alert assignments will be provided monthly with a timeline for completion. Our communication to the local department will continue to be formal and in writing, while we provide the technical support that may be needed to resolve these alerts and ensure that they are properly reflected in the CARES system.
